

Safeguarding Policy: Child friendly

See it, Hear it, Say it, LETS STOP IT!

This is a policy for children who feel they are being:

**Bullied • Hit • Harassed • Abused
Neglected • Emotionally abused
Sexually abused**

- Being forced into doing anything you do not want to do
- As a girl you were cut in a private place
- Disabled and being abused in any way
- Anything else which makes you feel uncomfortable
- **Been made to feel "Too Special"**

Sometimes an adult or even another child might try to make you feel really special. That might feel nice at first, but sometimes it is **NOT** okay.

Here are some things to look out for:

- You are given gifts, treats or special attention that other children don't get.
- They say things like, **"You are my favourite"** or **"We have a special bond."**
- They offer to take you on rides, trips, or give you rewards just for being with them.
- They say things like **"You are different from everyone else,"** or **"Only I understand you."**

Don't forget, if you feel any of the listed things or anything similar is happening to you, you can get help.
